

MISSISSIPPI RIVER – OHIO RIVER

There are numerous river cruises, but for the sake of simplicity the American Cruise Lines site provided a great map sequence. This line has seven tours and of course some of the river destinations get repeated; consequently, your mapreading skills will have to come to the fore. Following is a list of golf courses by state and city, and is by no means comprehensive. In addition to “Dat Ol Man Riber he just keep rollin along”, he provides some excellent golfing opportunities among 13 states. Once again the cruise lines itinerary will dictate the arrival and departure times for each city and how much time is available for touring, golf and taxi time.

Louisiana	Baton Rouge St. Francisville New Orleans	L.S.U., Webb Park Bluff on Thompson Creek too many to list
